REGULATIONS

on the organization of the “*Youth Scientific Research*” International Online Scientific and Practical Conference to be held in the English language with the participation of the students from the higher education establishments of Turkmenistan and from the foreign partner higher education establishments cooperating with the Institute

I. General Provisions

1.1. In accordance with the large-scale reforms being implemented within the framework of the education policy aimed at developing digital science and education system on the basis of the innovative technologies, as approved by the Decrees of the President of Turkmenistan, and in line with the Action Plan for the high-quality and coherent implementation of the “Strategy for the Development of Higher Professional Education in Turkmenistan for the years of 2026-2052”, this Regulations define the purpose, objectives, and procedure for organizing the “Youth Scientific Research” International Online Scientific and Practical Conference to be held in the English language with the participation of the students from Turkmenistan and from foreign partner higher education establishments cooperating with Dovletmamet Azadi Turkmen National Institute of World Languages.

1.2. The International Online Scientific and Practical Conference is organized by the Ministry of Education of Turkmenistan and Dovletmamet Azadi Turkmen National Institute of World Languages.

1.3. The coordination of organizational, methodological, and technical support is performed by the Organizing Committee.

II. Purpose and Objectives of the International Online Scientific and Practical Conference

2.1. The purpose of the International Online Scientific and Practical Conference is to contribute to the improvement of the quality of modern education for the younger generation in accordance with the relevant regulatory documents derived from the conceptual foundations set forth in the works and speeches of the

National Leader of the Turkmen people, the Esteemed scholar Arkadag, and the Honorable President of Turkmenistan, Arkadagly Hero Serdar, concerning the improvement of the national science and education system.

2.2. The main objectives of the Conference are as follows:

- to further improve foreign languages teaching through international cooperation and to assess their overall proficiency level and active communication skills;

- to expand the scope of cooperation among higher education establishments through digital platforms aimed at the improvement of the young people's foreign language competencies;

- to increase interest in the large-scale initiatives of the National Leader of the Turkmen people, Hero-Arkadag Gurbanguly Berdimuhamedov, and the Esteemed President of Turkmenistan, Serdar Berdimuhamedov, focused on the efficient development of educational programmes and their enrichment with new content that meets the contemporary requirements of technological transformation in language teaching in Turkmenistan.

III. Organizing Committee

3.1. For the organization and holding of the “*Youth Scientific Research*” International Online Scientific and Practical Conference, the Organizing Committee shall be established at Dovletmamet Azadi Turkmen National Institute of World Languages. The composition of the Committee is approved by the Rector of the Institute.

3.2. The Organizing Committee:

- determines the procedure and schedule for holding the International Online Scientific and Practical Conference and ensures a successful implementation of organizational activities;

- reviews and selects the proposed presentations;

- determines the list of the participants of the International Online Scientific and Practical Conference;

- maintains coordination and contacts for the efficient organization of the International Online Scientific and Practical Conference among the students of the higher education establishments of Turkmenistan and partner higher education establishments from abroad.

IV. Focus Areas of the International Online Scientific and Practical Conference

4.1. During the conference, presentations by the students of the higher education establishments of our country and those of the foreign partner universities and institutes will be on the following topics:

- Workshop I “Languages are the Way to Prosperity and Well-Being” will be devoted to the historical roots of the independence and permanent neutrality of the Independent, Permanently Neutral Turkmenistan, as well as to their contribution to

the development of peaceful and friendly relations of the international political significance;

–Workshop II “Perfection of Language is Perfection of the Spirit” will address contemporary issues in linguistics;

–Workshop III “Cultural Relations – Eternal Relations” is to discuss the issues related to literature and humanitarian, cultural, and literary interaction;

– Workshop IV “Languages Open the Way to the World” will focus on the key issues in the learning and teaching of world languages;

– Workshop V “Translation as a Means of Intercultural Communication” will analyse the fundamental issues of translation studies and translation practice.
